We would like to apologize for some of the extreme pricing changes to the menu. Due to Covid-19, prices on just about everything have gone up dramatically due to product shortages, fuel prices and staffing shortages through all industries involved in hospitality. While we have tried to wait them out, we can no longer continue without making adjustments. We promise that we will adjust the prices accordingly as we go forward. We appreciate your continued support and understanding!!

EWF Owners, management, and staff.
